

## **Policy – Student Appeal**

**Purpose – This policy creates a process for students and their parents to appeal decisions made by EdOptions Academy staff relative to enrollment, grades, or discipline issues.**

**Should the need arise due to a disagreement over a decision made by EdOptions Academy staff, a student, along with the parent or guardian, may request a meeting with the Director of EdOptions Academy to resolve the dispute. This meeting will serve as a “due process” hearing where both sides of the dispute may present arguments to the Director. At the conclusion of the meeting, the decision of the Director will be final. The meeting will occur Virtually at the earliest convenience of the family and all mitigating factors will be considered to arrive at a decision that is in the best interest of the student.**
